

Mr. Hutchinson

7th Grade Integrated Science

Getting Started Checklist

Name: _____ Date: _____ Class Hour: _____ Score: ___/20

Directions: Welcome! In order to get more familiar with the science classroom resources, procedures and expectations, please complete each of the items below with at least one parent. Each item completed will be worth a few points.

1. I have found and explored our science class web page by linking from the MLMS homepage.
2. I have explored the **“Science Units and Standards”** tab to know how to access a unit calendar and list of assignments worth points for each unit.
3. I have clicked on the tab called **“Science Help/ Study Links”** and viewed the online textbook, Quizlet vocabulary, science links, and others to know what is available to help me learn 7th grade science.
4. I have clicked on the tab called **“Science Update/Blog”** to see 1 way the teacher will provide reminders and updates for the class. I WILL CHECK THIS OFTEN.

Note for # 4: Students, you can send and receive messages/updates the teacher through your CANVAS account and email as well.

5. I have clicked on the link called **“more”** and specifically explored the Science Class Information Document, Science Core Curriculum, Contact, and Science Lab Safety Contracts Links.
6. I have clicked on the link called **“check my grade”** available from the “more” tab and learned how to log in and check grades.
7. I have explored the other links on the current science class web page to see what is available to support the learning.
8. I have completed the bottom section of this assignment as completely as possible with at least 1 parent. Please provide a current and legible (printed) PARENT email address below if possible. The email will be used to send home periodic class information and updates.
9. At least 1 of my parents have completed the instructions on the back of this paper to set-up and receive text messages for the class. I understand that **this one is optional but highly recommended.**
10. Complete the following.
